Harveys Taupo Realty Services Ltd
49 Heu Heu Street
TAUPO

TO WHOM IT MAY CONCERN,

As one of Harveys Taupo successful agents I find REALMAP is a valuable marketing tool.

REALMAP is part of Harveys Taupo listing pack and I use it as a point of difference to our competitors. Potential vendors respond favourably to this. In addition, I know REALMAP is well received by the buyers –especially those from out of town.

Having a map integrated into Harveys' advertising is convenient for both the buyers and I, and reflects Harveys' commitment to customer service.

Yours sincerely,
